

Hi

Just say today application referenced above.

Strange to see application date on the website 18/8/23 and closed the same day? 21 days ?

My objection the proposed porch is not in keeping with generic local architecture. On weavers way I do not know of any other dwelling with this material change to the elevation?

I don't see why this should be granted.

Joe O'REGAN 22 weavers way two doors away

Not much consultation going on here! More by chance
