

Acacia tree RG 114 Regent's Park Road: 16m tall and 6m wide.

Proposed work:

1. Reduce branches by up to 1.5 metre in length, up to 2 inches diameter, to leave overall crown diameter as minimum 3m, and to reduce total height of the tree by approximately 2.5 metres to leave height as approximately 9.5m tall.
2. To lift over the pavement/road (Rothwell Street) to 4 metres above ground level.
