Amendments include: external and internal design changes to the approved scheme including installation of green roof to Kingsway roof; changes to the BMU equipment and AOVs; changes to windows; revisions to basement layouts; alterations to approved car parking, cycle parking and landscaping; correction of red line boundary; changes to proposed floor areas."

There have been several non-material amendments to the scheme since the receipt of the planning permission referenced above. The operative listed building consent for the site is ref: 2022/4463/L.

On the 17 December 2021, details of all new railings required by condition 3 part a of listed building consent ref: 2022/4463/L were approved under application reference 2021/5159/L, including details of the Tower extension terrace balustrade, the Kingsway terrace balustrades and the Link Bridge level 3 balustrade.

Pre-Application Discussions

The amended designs for the Tower extension terrace balustrade and the Kingsway terrace balustrades have been discussed with Camden planning and conservation officers in Post-Approval Agreement (PAA) meetings held on the 3rd of May 2023 and the 9th of August 2023. On 9 August 2023, a material sample of the Link Bridge level 3 balustrade was presented.

During both PAA meetings, officers confirmed that the revised balustrade design approach was acceptable in principle.
