Dear Camden Planners

I am writing to object to the proposed redevelopment of the Travelodge tower. which is completely out of scale with the surrounding historic buildings, St Georges Church and the Shaftesbury Theatre and indeed the newer refurbished and extended Post Building.

While it may not maximise the developer's interests, as a planning authority, in the light of the climate emergency, it is essential that you ensure the retention of our existing buildings and make them work with suitable modifications and not throw away all their embodied carbon.

yours faithfully

Robin Nicholson CBE, RIBA, Hon FStructE Hon FCIBSE
