Details of the pre-application advice received

(Informal phone call / email conversations) The officer advised the proposed changes to the approved scheme would be viable under a Section 73 Application. It was suggested that introduction of brick or planting to the boundary of the front lightwell would work better within the context. Any amendments/enlargement to the front basement should not be negatively impactful on the street view of the facade and front area. It was also advised that in general glass balustrades are not favoured in this conservation area.
