Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
28 Goldhurst Terrace
London
NW6 3HU

Proposal: External alterations including erection of single storey rear extension at lower ground floor level with associated roof terrace.

Drawing Nos: LOC.00, PSP.00, EX.01, EX.02, EX.03, EX.04, EX.05, PLE.01A, PLE.03A, PLE.04A and Design & Access Statement.

The Council has considered your application and decided to grant permission subject to the following conditions:

Conditions and Reasons:

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: LOC.00, PSP.00, PLE.01A, PLE.03A, PLE.04A and Design & Access Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informatives:

- 1 Reasons for granting permission.

The proposed single storey rear extension would be a subservient addition to the property and built in materials that would respect the existing rear elevation. Located to the rear of the building at lower ground floor level, it would not be widely visible and its bulk and design would sit comfortably with the host building and would preserve the character and appearance of the South Hampstead Conservation area.

The proposed roof terrace would occupy a 6.3sqm portion of the new rear extension roof (14.2sqm) and would be significantly smaller than the upper ground floor roof terrace granted permission at No.20 Goldhurst Terrace in 2009 (ref: 2009/2207/P). The terrace is not considered to have any detrimental impact on the residential amenity of neighbouring occupiers in terms of loss of sunlight/daylight and outlook and would not lead to any significant increase in overlooking or loss of privacy.

No objections were received following statutory consultation. The sites planning history and relevant appeal decisions were taken into account when coming to this decision. Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.
