Dear Sirs,

42 ELSWORTHY ROAD, NW3 – SUBTERRANEAN DEVELOPMENT

**AXIOM STRUCTURES, STRUCTURAL ENGINEERS = CENG MISTRUCTE =
INVOLVEMENT DURING COURSE OF DESIGN AND CONSTRUCTION WORKS**

I am writing to confirm that we have a continuing involvement with the project from the scheme design stage right through to completion.

We have carried out the design of the primary structural elements - permanent works and we are scheduled to visit the site and inspect the works to review that they are in compliance with our structural proposals. We also allowed to inspect and comment on temporary works proposals submitted by the contractor.

We have an ongoing appointment with the client, to monitor works and we will be making regular visits to the site at the critical stages of construction.

We trust that the above clarifies the matter, please do not hesitate to contact us if you require further information.

Yours Sincerely

Alan Bowling - Project Director
BEng (Hons) C Eng M.I.Struct.E
