2023/3310/P	George Mercati	05/09/2023 14:28:53	COMMNT	<p>I am writing to support the planning application pertaining to the shopfront alterations proposed at 20 Endell Street. The tenant has submitted the application referenced 2023/3310/P. I consider the design scheme to be in keeping with the character and appearance of the building and the local area and does not detract from the appearance of the building to the street. If anything, the applicant has improved the appearance of this rather drab and unkept shop unit. They have done the same thing over the past decade with other units on the street.</p> <p>I know the applicants as I have lived on Endell Street for over a decade now and they have vast experience in offering a high-end operation.</p> <p>The proposals will attract visitors and therefore enhance the character and function of the local area creating a vibrant feel to the street which has seen some well-established uses vacate in recent years due to Covid and the economic downturn. The Council should do everything in its power to ensure new operations are given every opportunity to thrive and develop. These proposals will ensure this unit does not lay empty.</p> <p>I trust the officer dealing with the case will agree that the proposals are acceptable and will agree that they will greatly enhance the vitality and viability of the street which is characterised by its vibrant mix of retail and restaurant uses.</p>
