2023/3408/P	Antonietta Franchi	05/09/2023 14:45:17	OBJ	<p>The existing entrance/width of opening is over seven metres which is considerable and also the largest on Parsifal Road. I can only see a negative reason by widening it to over ten metres !! and that would mean the loss of an on-street parking space for one extra car. As there is currently a shortage of available parking spaces, people frequently park in front of my drop kerb/drive way and block my vehicle access. If this happens out of Monday to Friday 9am to 4pm hours I can't even contact the council, and if I need to use my vehicle as a matter of urgency or emergency I can't because it's effectively stuck.</p> <p>So this alteration can only make this situation worse for me, other residents with drive ways and anyone else seeking to find an available parking space in the vicinity.</p>
