

# Glenilla Road

Non Material Amendment  
11 September 2023

**ADAM KHAN ARCHITECTS**

## Reporting Structure

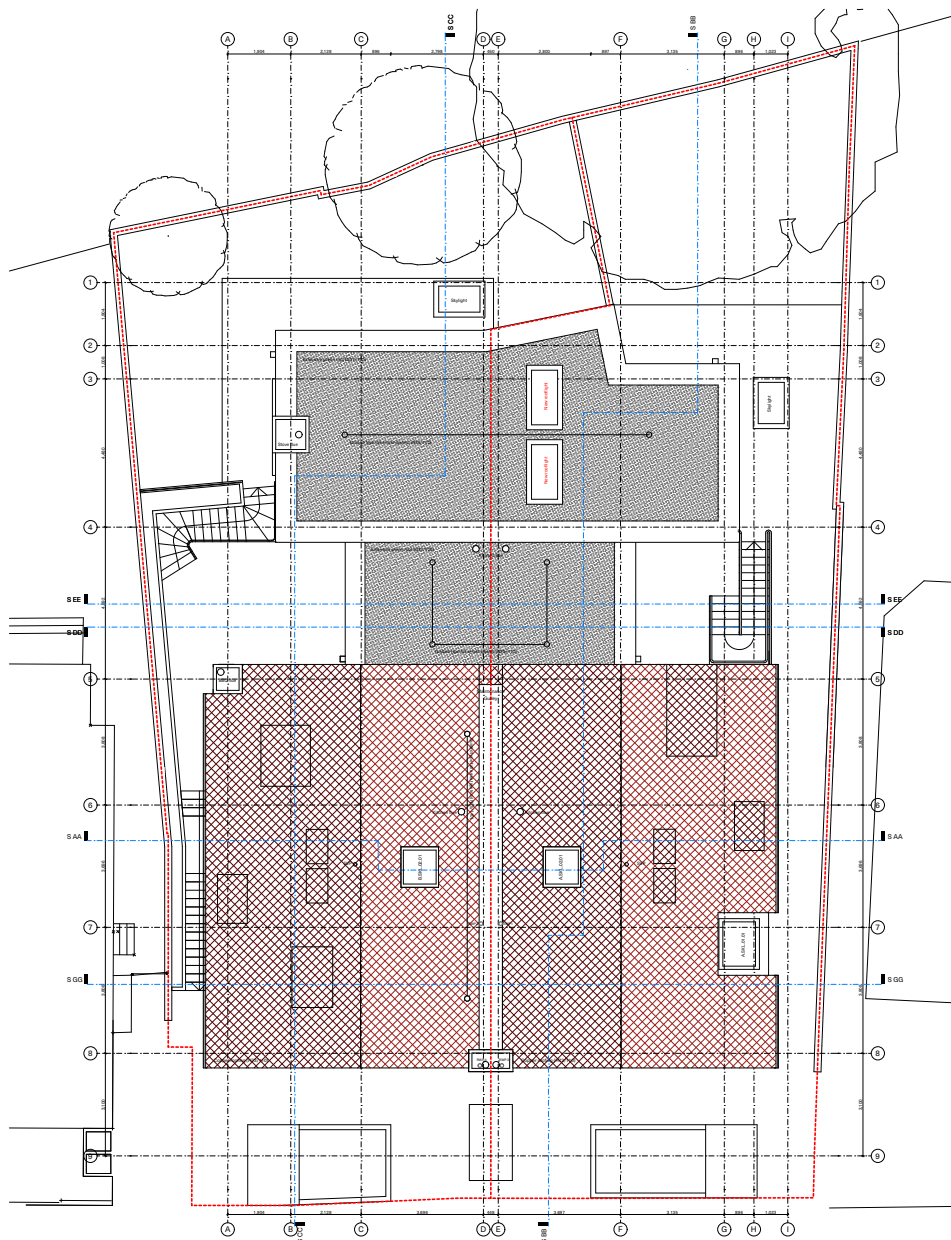

This report highlights the proposed amendments to the consented application no 2016 6712 P.  
The proposed changes are due to design and programme refinement.

## 1.1 Roof

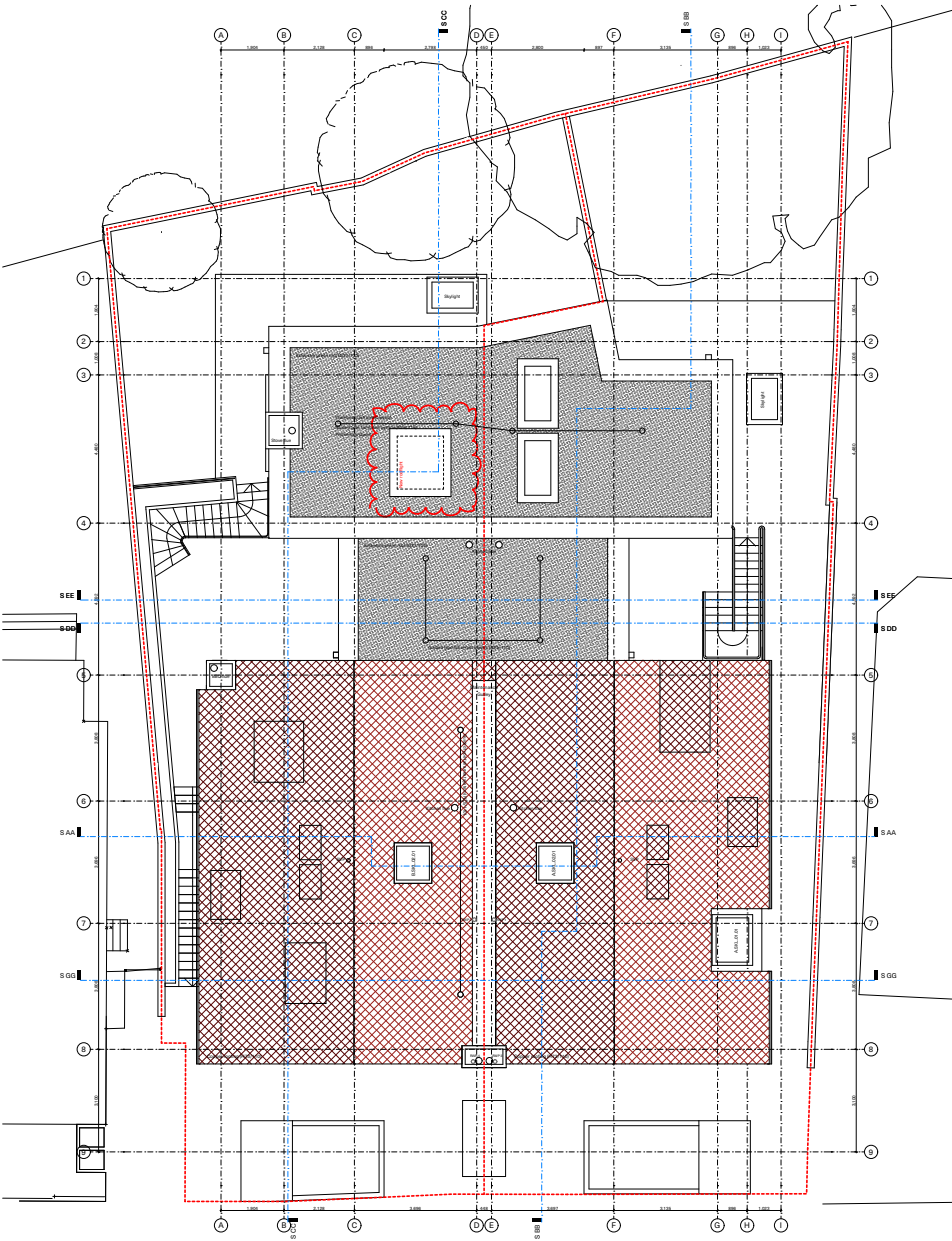

Since original planning application surrounding trees have grown considerably and are generating a substantial amount of shading at the rear of no32 site.

One new rooflight is proposed for the rear extension roof over 32b property. This will bring natural light to the darkest area of the ground floor living space.

A single larger (than 32a) rooflight will create a more agreeable roofscape as opposed to rigid repetition.

Roof Plan - Consented

## Roof Plan - Proposed

### 2.1 Appendices
