| Biodiversity and Geological Conservation   |
| Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?   |
| To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.  |
| a) Protected and priority species  |
| <ul> <li>○ Yes, on the development site</li> <li>○ Yes, on land adjacent to or near the proposed development</li> <li>ⓒ No</li> </ul>  |

| Supporting information requirements   |
| Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal. |
| Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.   |
| Your local planning authority will be able to advise on the content of any assessments that may be required.  |
