**Subject:** Objection

To whom it concerns,

I write with reference to planning applications 2023/2510/P and 2023/2653/L. As a frequent visitor from Ireland to this area of London and in particular to Museum street I wish to lodge my strenuous objection to the proposed changes to the listed buildings on the street and the overshadowing effect of the proposed new building on this historic area. A building of this height would be totally out of character with the beauty of the buildings on Museum street.

Regards

Jeremy Smith
