Subject: Request - SUMMARY OF 39A PROPOSED EXTENSION OBJECTIONS (Planning Application - 2023/0011/P)

Hi there

I am unclear as to the status of the above planning application. There seems to be 2 on there one which says approved in April 24 and one in August 24 which says withdrawn. I have now received a letter from a surveyor acting on behalf of the flat next to me 39A goldhurst terrace regarding party wall information. This would suggest that the work is going ahead and yet I want to understand if so on what basis Camden Planning have approved this (or which version of the multiple applications/plans submitted) they have approved?

[REDACTED]

Thank you. Debbie
