Subject: 2023/3072/P

Dear Sir / Madam

I would like to formally object to the following planning application: 2023/3072/P

The planning permission has been refused once. I urge you to uphold this decision.

The owner is trying to get around the refusal by sending individual applications for the individual buildings. They are the same buildings.

Please protect the area we live in and stop them.

Daliah Terret
