Description of Proposed Works

Please describe the proposed works

The proposed works consist of:

- replacement of front windows and balcony door on the second floor; and
- replacement of rear windows and rear door on the ground floor.

The application is for the replacement of existing timber framed windows and doors with new timber framed double glazed windows and doors. Currently, there are cracks in the existing windows and difficulty closing the existing doors, hence the urgent need to replace these as soon as possible for security reasons. In addition, from an efficiency and environment perspective, the double-glazing will improve thermal performance.

The proposed windows and doors will match the style of the existing windows in all material respects. The only deviation being the replacement of the leaded panes in the top part of the rear ground floor windows with unlead glass. This change is in keeping with other properties in the area and would not be readily visible from the public realm in any event.

Has the work already been started without consent?

Yes

No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
