Subject: RE : 2023/2510/P and 2023/2653/L

Dear Sirs

This is to object to two connected applications, 2023/2510/P and 2023/2653/L.

I was visiting London last weekend and staying, as I usually do, in Bloomsbury.

While I was there, I was told of a proposal to build a very tall tower very close to the British Museum.

I was shown where it would be. There is already a building which is too tall for the neighbourhood, but I understand that the proposed tower would be much higher and very visible from many points in Central London, as well as casting shadows over Bloomsbury. I was sincerely shocked that Camden could even consider doing so much damage to Bloomsbury and the London skyline. One tall building does not justify erecting an even taller and larger one.

I love visiting London. I should like to register a very strong objection to this proposal, on the grounds of the damage it would do to the area. I cannot believe the proposal is a serious one. It would never be permitted in Paris where I live and work, as a member of the Paris Bar, and where heritage is respected.

Best Regards,

Maître Jean-Pierre DAGORNE
