Subject: Objection Variation of Condition 2 (Approved Plans)

Planning Number: 2023/3142/P
22 Kemplay Road NW3 1SY

We do not entirely understand the extent of the variation from the original planning permission granted for the above development. However, if the height of the building is to be increased, we strongly object since our garden will be affected by a reduction of sunlight.

In addition if the extension is to be close to the boundary walls of our garden (we share a boundary at the back of our garden) we would have reduced privacy since a privacy screen would not prevent noise or garden lighting. We already suffer noise and control of our garden lighting from a renovation of the flat above us.
