2023/3319/P	Martina healey	22/09/2023 22:49:39	COMMNT	<p>I live right next door to this property at the moment it's working as a air B&B and has people coming and going all times off night & day also having late night party's it's becoming a noise nuisance to the 6 flats that are right next door I can only imagine the noise and problems we are going to have if they open a restaurant also the noise and smell that comes from these flue ducts that will be directly next to my flat also in the planning application it say they are residential property's but that is not correct it's working as a short stay hotel/ air B&B as we live directly next to this and our bedroom will be directly up from this air duct we not not be able to have a windows open this is a residential are even though it's in Covent Garden please when deciding take our options in to your decision as this will impact our day to day living we have asked Camden to look in to this hotel/ air B&B as I don't think permission was ever asked for.</p>
