2023/3645/P	Marion Field	26/09/2023 14:08:02	NOBJ	We are fully in favour of inset roof terraces and think the Council should take a favourable view. There are no nearby open spaces or parks. People need access to open space. Another pandemic with restrictions is bound to occur at some point & the Council should bear this in mind so that upstairs flats, in particular, have some access to the open air. These type of terraces do not overlook. There are already a number of them in the area which are not even inset - they may or may not have permission but the Council has done nothing about penalising them.
