Please find photos of conifer at Weeping Ash NW3.

As explained in our call this morning, the house is to have a new roof and cladding and the scaffolders and client have asked that the tree be removed.

I understand the tree cannot be listed as a five-day notice, but if there is any chance a decision can be made sooner than the statutory six-week period the client would be very grateful.

I thank you for your help thus far.

Best

Jamie
