About Camden:

'Camden' is building somewhere everyone can thrive, by making our borough the best place to live, work, study, and visit. Because we're not just home to UK's fast-growing economy. We're home to the most important conversations happening today. And we're making radical social change a reality, so that nobody gets left behind. Here's where you can help decide a better future for us all. We are currently seeking a Screening Officer for Camden's Multi Agency Safeguarding Hub, to help deliver positive outcomes for children and young people.

About the role:

Camden provides a wide range of services to children and families ranging from preventative early help services to statutory intervention under child protection procedures. All requests and referrals for children's services are processed through the Children and Families Contact Service ("the Contact Service") which provides the single point of access to all children's services in the borough.

The Contact service is responsible for processing all referrals and requests for children's social care services, making decisions on the most suitable response based on the child's needs and the level of risk and passing on referrals to the most appropriate service.

The Contact service is made up of:

- The Multi-agency Safeguarding Hub (MASH), the multi-agency team that deals with all referrals where there are safeguarding concerns about the child, or the child is thought to be at risk of significant harm and where the case is likely to reach the threshold for a statutory social work service.
- The Early Help CAF team, the preventative service that deals with all referrals where there are lower-level needs that do not reach the threshold for a statutory social work service but where extra services are needed in order to meet the child's needs, support the family and prevent issues from escalating.
