## Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Please state why you wish to make this amendment

1. Designing a flat roof with sizeable overhang provides well-needed redundancy to the building, as it's more difficult for water to enter at the top of the sliding door. The majority of door leaks occur at the head, and end up at the still.
2. The exterior walls are more prone to be impacted by moisture from rain. This could lead to rotting, deteriorating siding and paint, as well as potential mold growth.
3. If an excess of rain makes its way into the foundation, this may very well cause problems down the road. This could lead to structural issues over time. By utilising roof overhang, the rain and its moisture will be redirected rather away from the foundation, which could be helpful in keeping foundation intact.
4. Roof overhang also provide additional shading for the ground floor flat, preventing heat from the daytime sun from hitting the sliding door. Conserving energy is a benefit of roof overhangs as the south facing ground floor flat stays cooler during the warmer months and decreases the need of use of fans during hot days.

Are you intending to substitute amended plans or drawings?

- ☐ Yes  
☒ No

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff  
(b) an elected member  
(c) related to a member of staff  
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes  
☒ No
