Subject: 2023/3857/T & 2023/3869/T: Objection to felling of T1 Conifer

I am writing on behalf of The Belsize Society to object to the proposed felling of T1 Conifer.

This mature tree is visually very prominent in the street and appears to be healthy. It adds to the variety of trees on Eton College Road and, as the other trees are deciduous, it will make an important contribution to the streetscape during the winter months.

The short notifications of proposed works in the daily email updates make no mention of felling this tree, which the application implies is covered by a TPO - so this proposed felling is effectively undisclosed to the public. Additionally the application is not subject to consultation: could you please explain why there is no consultation on this application to fell a tree?

I look forward to hearing from you.

Regards

Barbara Abraham
