2023/3418/P	Jonathan Byatt	03/10/2023 14:45:11	SUPC	<p>Can the property owner please guarantee there will be no cause to access South End close Estate during the duration of the build. While this property does not face South End close Estate (or share a boundary) directly there is always a risk the private parking on SEC will be abused by builders, contractors and their cars, vans or deliveries of materials waiting to access the property at Constantine Road. There should be no need for any access to South End close. However, we have had bad experiences of the estate being used as a Storage site as well as a parking lot for all manner of cars, vans and delivery trucks and scaffolding in the past for the various properties without permission. Can this please be raised with the property owners and assurances given that South End close will not be impacted in any way by this build. Many thanks</p>
