2023/3994/P	John Chamberlain	08/10/2023 11:25:55	COMMNT	<p>Comments from Camden Cycling Campaign</p> <p>We are the local branch of the London Cycling Campaign and represent the interests of cyclists living or working in or travelling through the Borough of Camden.</p> <p>We have reviewed the Signage Strategy submitted in fulfilment of condition 65 of the original planning application. We note some innovative suggestions as regards cycling facilities and wayfinding (e.g. tyre inflation and cycle maintenance tools).</p> <p>We have one comment - the document addresses the issue of identifying residential entrances (pages 28-37) but makes no reference to the cycle storage facilities for each building. It will be quite important that residents, workers and visitors arriving by cycle be directed to the relevant part of each building and this should be addressed both in the wayfinding and the destination signage.</p>
