Subject: 2023/2821/P

Application number: 2023/2821/P

To whom it concerns,

I own and live in the first floor flat of 16 Messina Avenue. I hereby object to the proposed planning application made by the freeholder to replace the front and rear windows and doors.

We don't want our timber frames replaced with UPVC windows. This is not a like-for-like replacement - it will significantly change the look of the building. The windows are not in need of replacement. These works are unnecessary.

Sincerely,

Ed White
16B Messina Avenue, NW6 4LD
