Objection.

Dear Sir/Ms

I would like to register my objection to the proposed tower on the site of Selkirk House which will loom like a ziggurat casting a malign shadow over the historical buildings below, blotting out light and massively restricting views. It will squat there like a cuckoo in a nest of willow warblers, a massive, disproportionate and malevolent presence leeching the life and joy out of the surrounding area. And empty to boot - no-one wants office space post-Covid. Its only beneficiaries will be the developers.

Best wishes
