Good afternoon,

I am contacting you as we recently sent a tree surgeon to the above property, which I manage, to trim the mulberry tree that's in the garden as it was overgrown.

In his assessment, the tree needs to be cut down as it is showing signs of hollow trunk, the roots are exposed and it is a large tree that may come down with high winds.

I understand you need to do your own assessment before approving any works. I have left a few pictures of the tree attached here.

Please note this is a protected area for trees.

Please let me know if you need anything else from me.

Kind regards,

Jessica Leone (She/Her)
