Appendix 1 - 4.)

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

A scheme to refurbish the subject site was granted consent on 27/01/2022 under ref. 2020/5943/P. Works included the reconstruction on the fourth floor 'M' roof form with front and rear roof dormers and rooflights to provide attic level accommodation, as well as internal and external alterations that largely reinstate traditional features and planform. Other internal works were granted

listed building consent under ref. 2022/0864/L. Works have not yet commenced, and the subject application seeks to amend the approved proposal.

The proposed amendments are limited to the roof level and include shifting the right-hand dormer 350mm to the right, the installation of two conservation style rooflights, and re-pitching of the central slopes of the 'M' roof. The proposals will not cause the loss of pre-20th century fabric as the roof form is to be entirely reconstructed as per the previously approved scheme. The relocated position of the dormer will better align with the fenestration below. The rooflights are considered appropriate in scale and detail, discretely located, and are broadly in line with what has been permitted on neighbouring listed buildings. Re-pitching of the internal valley roof slopes will not pose harm to historic fabric and will maintain the traditional form of the roof. The external works will therefore not pose harm to the fabric or significance of the building.

No change is being proposed to the height and bulk of the scheme, therefore the proposal would remain subordinate to the host property. The variations are considered appropriate in design terms would preserve the character and appearance of the host property and the Bloomsbury Conservation Area. The Bloomsbury CAAC have been consulted and has no objection to the proposal.

The minor scale of the proposed changes would also ensure no harm is caused to neighbouring amenity in terms of loss of light, outlook, or privacy.

The full impact of the proposed scheme has already been assessed by virtue of the previous permission 2020/5943/P dated 27/01/2022. In the context of the approved scheme, the proposed amendments are considered to be minor and would not raise any new issues or alter the substance of the approved scheme. Therefore, the proposals constitute a minor material amendment to the approved development.

No objections were received prior to the determination of this application. The planning history of the site has been taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building, its setting and its features of special architectural or historic interest, and the desirability of preserving or enhancing the character or appearance of the conservation area, under s.66 and s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the London Borough of Camden Local Plan 2017, and with policies of the London Plan 2021 and the National Planning Policy Framework 2023.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building

Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS
(tel: 020-7974 6941).

- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2023.
