Subject: 29 Hampstead Lane N6 4RT - reduce an Ash tree in the Front Garden

Dear Sir or Madam

We live at the above address in the Borough of Camden and a conservation area.

We need to fell an Ash tree down to the soil level as the roots are damaging the front wall facing the street of Hampstead Lane.

Please would you advise how to apply for planning permission and do we need this?

We have contacted a tree surgeon and all the work is on hold awaiting the advice from Camden Council.

Also our immediate neighbours have raised this with us and our in agreement.

I look forward to hearing from you.

Yours Faithfully

Doreen Gugenheim
