Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
39 Willes Road
London
NW5 3DN

Proposal:
Erection of ground floor single storey rear extension
Drawing Nos: Site Location Plan 434_100_02, 434_100_00, 465_100_01,
465_100_02, 465_200_00, 465_200_01, 465_100_03, 465_100_04, 465_200_02,
465_200_03

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Site Location Plan 434_100_02, 434_100_00, 465_100_01, 465_100_02, 465_200_00, 465_200_01, 465_100_03, 465_100_04, 465_200_02, 465_200_03

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017 and Policy D3 of the Kentish Town Neighbourhood Plan 2016.

Informative(s):

- 1 Reasons for granting permission.

The proposal involves the erection of a single storey rear extension at ground floor level. The property has an existing mono-pitch part width single storey rear projection which would be replaced by a stepped rear extension.

The proposed extension would project to the depth of the existing extension, although the portion closest to the boundary with no 41 would be set back by 2m, thus creating a stepped extension. As such, the extension would be subordinate to the host property and would be in keeping with the pattern of development of rear gardens within the street. An acceptable amount of rear garden space would be retained. As such, the massing of the extension is considered acceptable in this instance and location. The extension would be constructed using London stock brick, aluminium bi-fold doors and French doors which would be sympathetic to the host building and wider conservation area.

The proposal is considered to preserve the character and appearance of the conservation area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers. The height of the extension would be approx. 2.85m at the boundary with no 41 and the proposal would not impact adversely on the daylight and sunlight at the neighbouring property. The set back of the extension would also mitigate against creating a sense of enclosure in the neighbouring rear garden.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017 and policy D3 of the Kentish Town Neighbourhood Plan 2016. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2023.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.

You can find advice about your rights of appeal at:
