UK

Dear Sir/Madam

## **DECISION**

Planning (Listed Building and Conservation Areas) Act 1990

### **Listed Building Consent Granted**

Address:

**Kings Cross Railway Station  
Unit 15 West Concourse  
Euston Road  
London  
Camden  
N1C 4AP**

Proposal:

Installation of fibre optic broadband connection to shop.

Drawing Nos: Location plan, 435551A, 435551B, design & access statement

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the

following approved plans:

Location plan, 435551A, 435551B, design & access statement

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is a grade-I-listed railway station making a positive contribution to the King's Cross St Pancras Conservation Area.

The applicant wishes to lay on broadband in one of the commercial units. The cabling will run in existing routes and will be back of house, in areas of low significance.

Any works other than those specifically shown in the consented drawings are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, and further listed building consent may be required.

The proposed works will not harm the special interest of the listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. Historic England has issued a letter of flexible authority ratified by the secretary of state. The site's planning history has been taken into account in making this decision.

Particular attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.

You can find advice about your rights of appeal at:
