

Andrew C. Morris

Planning Permission application
reference 2021/3956/P

70 Albert Street, London NW1 7NR

7th Sept 2023

Dear Mr. Fowler,

Please find attached the 5 A3 1:50 Drawings for the above referenced planning permission application which has been ongoing since 10/2021.

I very much hope they are now sufficiently intelligible to enable a rapid decision to grant me permission - to build steps that will give me access from my basement flat to the front garden.

Please let me know if there is any other information, clarification or format changes still required.

These drawings are, of course, intended to supplement the site plan & photos already submitted. For that reason, I have not included the site address on the drawings, or my own name.

I apologise for having spelt "basement" wrong, as "basment"!

Hope to hear from you, or your department, soon.

Yours sincerely,
A. Morris
