

| Application No: | Consultees Name: | Received: | Comment: | Response: |
|------------------------|-------------------------|---------------------|-----------------|---|
| 2023/3626/P | Hanpstead CAAC | 01/11/2023 21:05:23 | OBJ | HCAAC Objects to this current proposal. The previous consent was given without removal of as many trees. New planting proposal required, The remaining ash tree to be retained, properly maintained. There seem to be too many tree fellings allowed, most without requirement for replacements. This an 'easy' solution for developers and some householders while other measures, protection, even replanting are to be examined. |
| 2023/3626/P | Hampstead CAAC | 26/10/2023 11:07:30 | OBJ | HCAAC Objects to this current proposal. The previous consent was given without removal of as many trees. New planting to be advanced, The remaining ash tree to be retained, properly maintained. There seem to be too many tree fellings allowed, most without requirement for replacements. This an 'easy' solution for developers and some householders while other measures, protection, even replanning are to be examined. |
