Subject: Museum Street development

Dear Mr Aref-Adib,

Can I ask you to communicate to those councillors responsible for planning that the proposed Museum Street development is really grotesque -- a step too far in every respect: far too large, environmentally insensitive to a horrendous degree, pays no more than lip service to the borough's housing needs, and so on.

Please do not let you colleagues allow this historic area to be destroyed by greedy developers.

Yours sincerely,

Giles O'Bryen
10b St Alban's Road
