Location Plan, cph_ew_008, cph_ee_2728, cph_das_16_000, cph_p_002_07 revA, cph_p_001_02 revB, cph_hs_27828_000, cph_x_p_001_02 revA, cph_p_006_28 revA, cph_p_003_08 revB, cph_x_p_006_28, cph_x_p_003_08, cph_x_p_002_07 revA.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Centre Point House forms part of the Centre Point complex that was built in 1966 and designed by Richard Seifert and Partners. The development includes a 33 storey tower, a 9 storey block and a link 'bridge' building. The buildings are constructed from reinforced pre-cast concrete. Centre Point House is the 9 storey element and has a mixture of uses, with retail at ground floor, and offices and residential above. The list description notes that there is nothing of special interest internally.

This is a retrospective application for alterations to the plan form of flats, 2, 7, 8 and 28. The alterations affect the bathrooms and separate toilets and the living and kitchen areas. The changes are relatively minor, maintaining the overall sense of space and circulation.

Taking into consideration the list description, which notes that the internal spaces lack special interest, the alterations will not harm the special interest of the grade II listed building and are therefore supported.

The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021 and the NPPF.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
