2023/3079/P	Linda Alexander	26/10/2023 13:14:32	OBJ	<p>The loss of the laundrette has been felt by a population who often have small flats with no room for washing machines. T has really inconvenienced me and my family. I've met students, local residents and guests of hotels using the laundrette. What the local community in Fitzrovia do not need is yet another cafe reducing the amount of community space available . I object to the use of this space being changed to Class E from Sui Generis</p>
2023/3079/P	K Jones	04/11/2023 11:20:08	OBJ	<p>The area is saturated with coffee shops - we dont need more! A Laundrette is desperately needed in this immediate area, the nearest is a few miles away. Those renting in small flats, students who's accommodation cannot accommodate a washing machine or those just wishing to wash large items have no facilities, local people are being ignored. We have also lost our dry cleaners next door.</p> <p>Cleveland Street is a residential street and Camden's planning policy is to protect sites of community, including laundrettes. This community resource should be re-instated not make way for yet another cafe.</p> <p>NB</p> <p>The original signage (1960's) is a gem and should not be erased when future occupants take over the premises, but protected.</p>
