

Application No:	Consultees Name:	Received:	Comment:	Response:
2023/4147/P	CRASH	03/11/2023 14:52:16	SUPPRT	CRASH writes in support of this application noting that the plans have been developed sympathetically with local guidance and the conservation area statement and in line with the neighbouring property where symmetrical dormers have already been added. The dormers will also improve the the existing residential units in terms of light and space.
