| 2023/4241/P | Alex Leo | 06/11/2023 12:54:34 | OBJ | <p>A 6 storey building will impact severely the view and neighborwood layout. The upper floor windows and balconies would overlook directly the gardens and rear windows.</p> <p>I cannot believe that has been taken in consideration a removal of old big trees. New small and young plants will take dozens of years before being able to absorbe CO2 form air at the same level of the current ones. They also provide provide some good view screening.</p> <p>I am not contrary to have a building realised in th earea, but this in my opinion shoudl not be taller and higher than the other buildings. Said that, I would rather love to have a nice playground and park for our children. Currently the closer park is far away.</p> |
