

## Rear elevation

1 : 100

- 7m X 90cm
- Robust steel construction: base frame and support post wall plate
- Classic balustrade design – metal infill bar balustrade railings with a metal handrail.
- Finished to perfection: all steel components are galvanized and powder-coated- black.

## Right elevation

1 : 100

### PROGRAMME:

### REVISION NOTES:

REV: | DATE: | DESCRIPTION:

### GENERAL NOTES:

1. All Dimensions are in millimetres unless otherwise stated
2. All work to be carried out in accordance with current building regulations and all relevant british standards/codes of practice.
3. The Contractor is responsible for the correct setting out of the works on site, all dimensions to be checked prior to fabrication of materials and commencement of works.
4. This Drawing is to be read in conjunction with all relevant drawings and specifications
5. Exact SVP and Boiler position to be determined onsite by contractor
6. A 'macerator toilet' would be required for a certain designs if the toilet location is away from existing SVP
7. Steels imbedded into ceiling may be charged additionally by your contractor
