**Attachments:** 2nd Objection Waterhouse Square SR 20233419P2.doc

Dear Christopher Smith

I have already posted my Objection to the Application for Full Planning Permission 2023/3419/P and for Listed Building Consent 2023/3420/L, for consideration by the Planning Committee.

I am now attaching a further Objection in response to the Applicants additional Application to add a Bar to the ground floor to the right of the new entrance. This is despite assuring us at the last meeting we had with the Developers Team on the 16<sup>th</sup> of November that this was not being considered.

Yours sincerely
