To whom it may concern.

I understand that there are plans to change the launderette at 86a-88 Cleveland Street, W1T 6NJ (ref 2023/3079/P) to a coffee shop.

I live near by, and am shocked to hear this. I have lived in the area for over 20 years, and the launderette has been here as long as I can remember. As well as being useful for those visiting the neighbourhood, more importantly, it is an invaluable community resource, and its closure would mean hardship for many of the least affluent, especially those with families. I used it when my washing machine broke down, but not everyone can afford a new machine, or to have a machine in the first place. I do hope this application will be refused.

Yours,

Jennifer Kavanagh
