The council should also bear in mind religious sensitivities of hosting a place of worship in the same building that is predominantly flats for various residents with different religious backgrounds.</p> <p>Furthermore, a church at the site will dramatically increase footfall and noise pollution for all residents, particularly on a Sunday, which is typically a day of rest.</p>
2023/3884/P	Ike A Osakwe	10/11/2023 19:59:31	COMMT	<p>I own a property in the building in question (Apt 1.5). I am totally against any application to convert the commercial space into a place of worship. My main concern is the lack of parking in our area. A place of worship would create constant illegal parking as well as an unusual influx of people into the area. The location at a very busy road junction also refers. This application is a bad idea and I urge the council to reject it.</p>
