2023/3861/P	k woods	13/11/2023 13:43:56	SUPPRT	I support this application to place gates on primrose hill park. As a local resident I have experienced the crowds that gather at night in the park to play loud music and general antisocial behaviour
2023/3861/P	Sally Benriassa	13/11/2023 17:27:57	SUPPRT	I do think we do really need to have gates to stop both parties and the noise that has been happening. The other gates were not really proper gates and almost every one got kicked in. They were really ugly. The new designs look fine and will blend in, so are a big improvement.

2023/3861/P	adam donneky	13/11/2023 16:53:06	SUPPRT	As a park facing resident of Primrose Hill, I support the addition of park gates 100%. It's well documented that during the pandemic, the park became an epicentre of criminality and anti social behaviour, but despite many claims that it 'has returned to normal', I regularly witness a continuation of unacceptable acts including drug dealing, drug use, intimidation and aggression, vandalism and public urination in front of my home. If the weather is nice and the park isn't locked, it becomes an all night party with no security or toilet facilities. I have lived in Primrose Hill for 17 years and love nothing more than to see the park being enjoyed by respectful people from far and wide, but have been disappointed to see one of London's precious landmarks abused by the selfish. Install the gates and lock the park at night please. Many Thanks
