Dear Sir/ madam

I wanted to share a video from an event on the 18th of March 2023 at the forge with the planning team (there have been many issues like this at the forge but this is the only one I filmed).

The pavement was blocked with people drinking and hanging out outside of the forge. making it difficult to get by.

I also think it shows that the forge/ jungla management aren't interested in managing people outside of the venue, which will be a huge issue for the local community if they are allowed to open until the early hours of the morning.

Many thanks

Dear Sir/Madam
I have attached my objection to panning application: 2023/3285/P relating to the The Forge (3-7 Delancey Street).
Many Thanks
