2023/4334/P LSHTM - Tavistock Place: OBJECTION

Hello Edward,

The BCAAC objects to the parts of the plans to alter & improve the LSHTM particularly the roof plant which appears too close to the front of the building & is too high. BCAAC objects to the proposal to put planters onto the pavement adding to street clutter on an already tight footpath. The proposed new entrance door (glass with a thin light frame) is very much out of keeping with the industrial strong feel of the building & needs re-thinking.

Kind regards,
Marianne Jacobs-Lim
on behalf of the Bloomsbury CAAC
