Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

Flat 2 Gondar Cottage
Gondar Gardens
London
NW6 1QG

Proposal: Erection of ground floor rear extension.

Drawing Nos: (Prefix: 2023NW61QG) 1A; 2A; 3A; 4A; 5A; 6A (received 13/11/2023)

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: (Prefix: 2023NW61QG) 1A; 2A; 3A; 4A; 5A; 6A (received 13/11/2023)

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 of the London Borough of Camden Local Plan 2017 and policy 2 of the Fortune Green West Hampstead Neighbourhood Plan 2015.

Informative(s):

- 1 Reasons for granting permission.

The proposal involves infilling a small area between the part-width existing rear extension and the boundary wall with no.2 Hillfield Road. The area is partly infilled already and the additional internal space gained would be only 2sqm. The extension would be constructed in matching brickwork with a pitched roof with rooflight and French doors. Owing to its location between two existing built forms, the additional massing would be barely appreciable in surrounding views. Whilst the extension would take up some amenity area for a property with a small garden, this is minimal and the area lost holds little amenity or biodiversity value given it is presently hard standing.

The proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers. The extension would abut the flank wall of a house with no implications for daylight or outlook.

Two objections have been received prior to making this decision concerning overdevelopment in a restricted space resulting in loss of garden area as well as the cumulative impact of extensions in the immediate area. Given the extension is of such a minor scale, it is not considered harmful to the site or wider area in terms of its visual impact or on garden character. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1 and D1 and of the Camden Local Plan 2017 and policy 2 of the Fortune Green West Hampstead Neighbourhood Plan 2015. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.

- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.

You can find advice about your rights of appeal at:

<https://www.gov.uk/appeal-planning-decision>.

If you submit an appeal against this decision you are now eligible to use the new [submission form](#) (Before you start - Appeal a planning decision - GOV.UK).

Yours faithfully

Daniel Pope
Chief Planning Officer
