Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

28 Goldhurst Terrace
London
Camden
NW6 3HU

Proposal:

Erection of single storey rear extension at lower ground floor level with associated roof terrace.

Drawing Nos: Design & Access Statement November 2015, PSP.00, LOC.00, EX.01, EX.02, EX.03, EX.04, EX.05, PLE.01 Rev A, PLE.03 Rev A, PLE.04 Rev A, Decision Notice 2015/6662/P, Decision Notice 2019/3154/P.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans Design & Access Statement November 2015, PSP.00, LOC.00, EX.01, EX.02, EX.03, EX.04, EX.05, PLE.01 Rev A, PLE.03 Rev A, PLE.04 Rev A, Decision Notice 2015/6662/P, Decision Notice 2019/3154/P.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

- 4 Prior to the commencement of development, details demonstrating how trees to be retained shall be protected during construction works shall be submitted to and approved by the local planning authority in writing. Such details shall follow guidelines and standards set out in BS5837:2012 "Trees in relation to Construction". All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage in accordance with the approved protection details.

Reason: To ensure that the development will not have an adverse effect on existing trees and in order to maintain the character and amenity of the area in accordance with the requirements of policies A2 and A3 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 2 Reasons for granting permission.

An identical planning application was made and approved in 2016 (2015/6662/P) and 2019 (2019/3154/P) and the applicant is now seeking to extend the permission. The most recent permission expired on 18/08/2022.

Reasons for granting permission.

An identical planning application was made and approved in 2016 (2015/6662/P) and 2019 (2019/3154/P) and the applicant is now seeking to extend the permission. The most recent permission expired on 16.8.22.

The proposed single storey rear extension would be a subservient addition to the property, and the proposed materials including yellow and red brickwork, timber framed windows to match the existing and timber framed doors are acceptable, and would respect the existing rear elevation. Located to the rear of the building at lower ground floor level, it would not be widely visible and its bulk and design would sit comfortably with the host building and would preserve the character and appearance of the South Hampstead Conservation Area.

The proposed roof terrace would occupy a 6.3sqm portion of the new rear extension roof (14.2sqm) and would be significantly smaller than the upper ground floor roof terrace granted permission at No.20 Goldhurst Terrace in 2009 (ref: 2009/2207/P). As with the previous applications the detailed design and scale has already been considered acceptable.

Due to their size, design and sitting, the rear extension and terrace are not considered to have any detrimental impact on the residential amenity of neighbouring occupiers in term of loss of sunlight/daylight and outlook and would not lead to any significant increase in overlooking or loss of privacy.

As there is a lime tree in front of the front garden that is subject to a Tree Protection Order, therefore a condition requiring details of tree protection is attached to ensure that the tree from damage during construction works.

No objections were received following statutory consultation. The site's planning history and relevant appeal decisions were taking into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies A1, A2, A3, D1 and D2 of the London Borough of Camden Local Plan 2017. The proposed development also accords with the London Plan 2021 and the provisions of the National Planning Policy Framework 2023.

- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the

Council.

- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2023.
