

Address 339 Finchley Road, London NW3 6EP.

Planning Application: Ref: 2023/3884/P

I should like to object to this application to change the use of these premises to a place of worship. This building was previously used as a place of worship with visitors using Lymington Road and other nearby streets for parking on Sundays in such a way that caused unacceptable levels of traffic, obstruction and inconvenience to local residents.

Lymington Road was regularly blocked for long periods of time with car horns blaring and causing a risk to health through potential obstruction for emergency vehicles.
