Subject: Primrose Hill Gates (2023/3861/P) - in support of this planning application

For the attention of Daren Zak

I am writing in support of the Royal Parks' planning application - as above

1. I live in Elsworthy Road directly backing onto Primrose Hill and am constantly disturbed by the **on-going problem of anti-social behaviour and the volume of noise** emanating from the Hill during the night, which gates should hopefully control

2. The design of the new gates look suitable (designs visible in the application) .

Please do not use / redact my name or address

With many thanks
